SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 795
Sections Filed, December 1, 2010 to May 2, 2011 798

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002–931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. “Periodicals Postage Paid in Saint Paul, MN.” **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. CALIFORNIA OCEAN SCIENCE TRUST

NOTICE OF INTENTION TO ADOPT A CONFLICT-OF-INTEREST CODE OF THE CALIFORNIA OCEAN SCIENCE TRUST

NOTICE IS HEREBY GIVEN that the California Ocean Science Trust, pursuant to the authority vested in it by section 87300 of the Government Code, proposes its Conflict-of-Interest Code.

The California Ocean Science Trust proposes to adopt its Conflict-of-Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code. A written explanation of why each position was selected and the reasons for the disclosure categories is available.

The California Ocean Science Trust (OST) is a non-profit 501(c)(3) public benefit corporation established pursuant to the California Ocean Resources Stewardship Act of 2000 to encourage coordinated, multi-agency, multi-institution approaches to translating ocean science to management and policy applications. Copies of the proposed code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed code by submitting them in writing no later than June 27, 2011, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than June 12, 2011, by contacting the Contact Person set forth below.

The California Ocean Science Trust has determined that the proposed code:

1. Imposes no mandate on local agencies or school districts.

2. Imposes no costs or savings on any state agency.
3. Imposes no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

All inquiries should be directed to:

Geri Feldman — Chief Administrative Officer
1330 Broadway, Suite 1135
Oakland, CA 94612
510-251-8320
Geri.Feldman@Calost.org

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

ADOPTION

MULTI-COUNTY: Orange Cove Fire Protection District

AMENDMENT

STATE: University of California,
Hastings College of the Law
California Workforce Investment Board

MULTI-COUNTY: Shasta-Tehama-Trinity Community College District

A written comment period has been established commencing on **May 13, 2011**, and closing on **June 27, 2011**. Written comments should be directed to the Fair Political Practices Commission, Attention **Cynthia Fisher**, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to

the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **June 27, 2011**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code(s) and approve it as revised, or return the proposed code(s) for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 15. DEPARTMENT OF CORRECTIONS AND REHABILITATION

NOTICE OF EMERGENCY REGULATIONS

California Code of Regulations Title 15, Crime Prevention and Corrections Department of Corrections and Rehabilitation

NOTICE IS HEREBY GIVEN that the Secretary of the California Department of Corrections and Rehabilitation (CDCR), pursuant to the authority granted by Government Code Section 12838.5 and Penal Code (PC) Section 5055, and the rulemaking authority granted by PC Section 5058 and 5058.3, in order to implement, interpret and make specific PC Section 5054, proposes to amend Section 3000, and adopt Sections 3359.1, 3359.2, 3359.3, 3359.4, 3359.5, 3359.6, and 3359.7 of the California Code of Regulations (CCR), Title 15, Division 3, concerning Medical Parole.

PUBLIC HEARING

Date and Time: July 6, 2011 — 9:00 a.m. to 10:00 a.m.

Place: Department of Corrections and Rehabilitation
Kern/Colorado Room
1515 S Street — North Building
Sacramento, CA 95811

Purpose: To receive comments about this action.

Savings of approximately \$600,000 in current fiscal year with an extended estimated 12 month savings of \$7,200,000 in FY 2011/12. See Attachment A, Economic Fiscal Impact Statement, Medical Parole.

- Other nondiscretionary cost or savings imposed on local agencies: *None.*
- Cost or savings in federal funding to the state: *None.*

PUBLIC COMMENT PERIOD

The public comment period will close July 6, 2011 at 5:00 p.m. Any person may submit public comments in writing (by mail, by fax, or by e-mail) regarding the proposed changes. To be considered by the Department, comments must be submitted to the CDCR, Regulation and Policy Management Branch, P.O. Box 942883, Sacramento, CA 94283-0001; by fax at (916) 324-6075; or by e-mail at RPMB@cdcr.ca.gov before the close of the comment period.

CONTACT PERSON

Please direct any inquiries regarding this action to:

Timothy M. Lockwood, Chief
Regulation and Policy Management Branch
Department of Corrections and Rehabilitation
P.O. Box 942883, Sacramento, CA 94283-0001
Telephone (916) 445-2269

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

Rosie Ruiz
Regulation and Policy Management Branch
Telephone (916) 445-2309

Questions regarding the substance of the proposed regulatory action should be directed to:

Jay Virbel
Department of Corrections and Rehabilitation
(916) 445-1350

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement of costs or savings pursuant to Government Code Sections 17500-17630.

FISCAL IMPACT STATEMENT

- Cost or savings to any state agency:

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION OR EXPANSION

The Department has determined that the proposed regulation will have no effect on the creation of new, or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has

otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons, than the proposed regulatory action. Interested persons are accordingly invited to present statements or arguments with respect to any alternatives to the changes proposed at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared, and will make available, the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website <http://www.cdcr.ca.gov>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Penal Code (PC) Section 5000 provides that commencing July 1, 2005, any reference to the Department

of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management, and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058.3 authorizes the Director to adopt, amend, or repeal emergency regulations conducted pursuant to GC Section 11340.

This action provides the following:

- Amends Section 3000 of the California Code of Regulations (CCR), Title 15, Division 3 by providing the definition for Medical Parolee.
- Adopts into the CCR new Sections 3359.1, 3359.2, 3359.3, 3359.4, 3359.5, 3359.6, and 3359.7, concerning Medical Parole.
- Brings the Department into compliance with the provisions of PC Section 3550 by adopting provisions that establish a process for Medical Parole. Medical Parole is a cost saving measure for the state by releasing permanently medically incapacitated inmates on Medical Parole when appropriate. This is designed to save the state the cost of health care of these inmates and associated guarding costs.
- Defines "permanently medically incapacitated" as described in statute.
- Establishes the criteria by which inmates may be eligible for consideration of Medical Parole, the processes by which inmates are placed on Medical Parole, and the circumstances in which Medical Parolees may be removed from Medical Parole.
- Establishes for use on a statewide basis, five new Department forms which are incorporated by reference into the regulations. A copy of each of the following forms has been made available for public review.
 - CDCR 7478 (12/10), Medical Parole Form
 - CDCR 7385-MP (03/11), Medical Parole Authorization for Release of Information
 - CDCR 1515-MP (02/11), Conditions of Medical Parole
 - CDCR 1650-MP (02/11), Medical Parole Initial Interview/Contact
 - CDCR 2219-MP (02/11), Medical Parole Status Change

TITLE 24. BUILDING STANDARDS COMMISSION

NOTICE OF PROPOSED ACTION TO BUILDING STANDARDS OF THE DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT REGARDING THE AMENDMENT OF THE 2010 CALIFORNIA BUILDING CODE CALIFORNIA CODE OF REGULATIONS, TITLE 24, PART 2, CHAPTER 11A (HCD 02/10)

Notice is hereby given that the California Building Standards Commission (CBSC) on behalf of the Department of Housing and Community Development (HCD) proposes to adopt, approve, codify, and publish changes to building standards contained in the California Code of Regulations (CCR), Title 24, Part 2, Chapter 11A.

PUBLIC COMMENT PERIOD

A public hearing has not been scheduled; however, written comments will be accepted from **May 13, 2011**, until **5:00 p.m. on June 27, 2011**. Please address your comments to:

**California Building Standards Commission,
2525 Natomas Park Drive, Suite 130
Sacramento, California 95833
Attention: Dave Walls, Executive Director**

Written comments may also be faxed to (916) 263-0959 or e-mailed to CBSC@dgs.ca.gov.

Pursuant to Government Code Section 11346.5(a)(17), any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period that a public hearing be held.

POST-HEARING MODIFICATIONS TO THE TEXT OF THE REGULATIONS

Following the public comment period, the CBSC may adopt the proposed building standards substantially as proposed in this notice or with modifications that are sufficiently related to the original proposed text and notice of proposed changes. If modifications are made, the full text of the proposed modifications, clearly indicated, will be made available to the public for at least 15 days prior to the date on which the CBSC adopts,

amends, or repeals the regulation(s). The CBSC will accept written comments on the modified building standards during the 15-day period.

NOTE: To be notified of any modifications, you must submit written and/or oral comments or request that you be notified of any modifications.

AUTHORITY AND REFERENCE

The CBSC proposes to adopt these building standards under the authority granted by Health and Safety Code Section 18949.5. The purpose of these building standards is to implement, interpret, and make specific the provisions of Health and Safety Code Sections 17000-17062.5, 17910-17995.5, 18200-18700, 18860-18874, and 19960-19997; and Government Code Sections 12955.1 and 12955.1.1. HCD is proposing this regulatory action based on Health and Safety Code Sections 17040, 17050, 17920.9, 17921, 17921.3, 17921.6, 17921.10, 17922, 17922.6, 17922.12, 17927, 17928, 17959.6, 18300, 18552, 18554, 18620, 18630, 18640, 18670, 18690, 18691, 18865, 18871.3, 18871.4, 18873, 18873.1-18873.5, 18938.3, 18944.11 and 19990; and Government Code Section 12955.1.

INFORMATIVE DIGEST

Summary of Existing Laws

Health and Safety Code Section 17921 and Government Code Section 12955.1 require HCD to propose the adoption, amendment, or repeal of building standards by the CBSC.

Health and Safety Code Sections 17922 and 19990 require that the building standards be essentially the same as the most recent editions of the uniform industry codes. The CBSC is authorized to adopt these building standards under the authority granted by Health and Safety Code Section 18949.5.

Health and Safety Code Section 17922 also states that the most recent editions of the uniform codes referred to in the section shall be considered to be adopted one year after the date of publication of the uniform codes.

Health and Safety Code Section 17040 requires HCD to adopt building standards for employee housing for “. . . the protection of the public health, safety, and general welfare of employees and the public, governing the erection, construction, enlargement, conversion, alteration, repair, occupancy, use, sanitation, ventilation, and maintenance of all employee housing.”

Health and Safety Code Sections 18300, 18620, 18640, 18865, 18873 and 18873.2 requires HCD to adopt building standards for mobilehome parks and special occupancy parks.

Health and Safety Code Section 19990 requires HCD to adopt building standards for factory-built housing.

Summary of Existing Regulations

The 2010 California Building Code, Title 24, Part 2, of the California Code of Regulations (CCR), also known as the California Building Standards Code, becomes effective on January 1, 2011.

The purpose of the California Building Code is to establish the minimum requirements necessary to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, sanitation, accessibility, use and occupancy, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment.

Summary of Effect

HCD proposes to amend the 2010 California Building Code into Title 24, Part 2 of the CCR for the following programs:

- a) State Housing Law: relative to residential occupancies, buildings or structures accessory thereto and as provided for through the federal Fair Housing Amendments Act and state law accessibility requirements, except where the application is for public use only.
- b) Employee Housing Act: relative to the occupancy of any buildings or structures on the property in accordance with Health and Safety Code Section 17040.
- c) Mobilehome Parks or Special Occupancy Parks: relative to the design or construction of permanent buildings and accessory buildings and structures within the park in accordance with Health and Safety Code Sections 18300, 18620, 18640, 18865, 18865.3, 18873 and 18873.2.
- d) Factory-Built Housing Law: relative to residential buildings, dwellings or portions thereof, or building components, or manufactured assemblies in accordance with Health and Safety Code Section 19990.

The amendments provide consistency with model code format, state and federal laws and regulations, and unique California conditions. In addition, the amendments provide clarity and specificity, and give direction for the code user.

An in-depth discussion of the effect of the amendments may be found in the Initial Statement of Reasons.

Comparable Federal Statute or Regulations

None.

Policy Statement Overview

The proposed regulations amend existing building standards and establish new building standards that will affect the following: residential occupancies and buildings or structures accessory thereto, as provided for by

federal and state accessibility requirements; the use of General Design, Structural, and Fire and Life Safety Requirements in housing construction, buildings and structures accessory thereto; and permanent buildings in mobilehome parks and special occupancy parks.

**OTHER MATTERS PRESCRIBED BY STATUTE
APPLICABLE TO THE AGENCY OR TO ANY
SPECIFIC REGULATION OR CLASS
OF REGULATIONS**

None.

**MANDATE ON LOCAL AGENCIES OR
SCHOOL DISTRICTS**

HCD has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts; and therefore, does not mandate state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

ESTIMATE OF COST OR SAVINGS

- A. Cost or Savings to any state agency: Health and Safety Code Section 17921 requires HCD to propose the adoption, amendment or repeal of building standards to the Commission pursuant to the provisions of Chapter 4 (commencing with Section 18935) of Part 2.5 of the Government Code. Part 2.5 of the Government Code requires state agencies to ensure that regulatory language meets the requirements of clarity and non-duplication. This proposed rulemaking incorporates specific provisions into one location with the California Building Standards Code to meet these requirements. This action will result in a minimal cost to HCD which will be absorbed in the current budget.
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- D. Other nondiscretionary cost or savings imposed on local agencies: NONE.
- E. Cost or savings in federal funding to the state: NONE.

Estimate: HCD believes that any additional expenditure resulting from this proposed action will be minimal and will be able to be absorbed within existing budgets and resources.

INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

HCD has made an initial determination that the proposed action will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states. (See *Economic Impact of the Proposed California Building Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

DECLARATION OF EVIDENCE

HCD has determined that there are minimal facts, evidence, documents, testimony, or other evidence upon which the agency relied to support its initial determination of no effect pursuant to Government Code Section 11346.5(a)(8). The public is welcome to submit any information, facts or documents either supporting HCD's initial determination or finding to the contrary.

FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE

HCD has made an assessment of the proposal regarding the economic impact of recordkeeping and reporting requirements and has determined that a report pursuant to Government Code Section 11346.3(c) is not required.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

HCD is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SMALL BUSINESS EFFECT

HCD has initially determined that a small business may be affected by these proposed regulations. (See *Economic Impact of the Proposed California Building Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

HCD has initially assessed whether or not, and to what extent, this proposal will affect the following:

- The creation or elimination of jobs within the State of California.
These regulations will not affect the creation, or cause the elimination, of jobs within the State of California.
- The creation of new businesses or the elimination of existing businesses within the State of California.
These regulations will not affect the creation or the elimination of existing business within the State of California.
- The expansion of businesses currently doing business within the State of California.
These regulations will not affect the expansion of businesses currently doing business within the State of California.

(See *Economic Impact of the Proposed California Building Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

INITIAL DETERMINATION OF SIGNIFICANT EFFECT ON HOUSING COSTS

HCD has made an initial determination that this proposal would not have a significant effect on housing costs. The CBSC contact person designated below will make HCD's initial evaluation of the effect of the proposed regulatory action on housing costs available upon request. (See *Economic Impact of the Proposed California Building Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

CONSIDERATION OF ALTERNATIVES

HCD must determine that no reasonable alternative considered by HCD, or that has otherwise been identified and brought to the attention of HCD, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF RULEMAKING DOCUMENTS

All of the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public review, by contacting the person named below. This Notice, the Express Terms and Initial Statement of Reasons can also be accessed from the California Building Standards Commission website at <http://www.bsc.ca.gov>; in addition, the rule-

making documents will be posted on HCD's website at <http://www.hcd.ca.gov/codes/shl/t24.html>.

Interested parties may obtain a copy of the Final Statement of Reasons, once it has been prepared, by making a written request to the contact person named below or at the California Building Standards Commission website or HCD's website.

**TITLE 24. BUILDING STANDARDS
COMMISSION**

**NOTICE OF PROPOSED ACTION
FOR
PROPOSED BUILDING STANDARDS
OF THE
DIVISION OF THE STATE ARCHITECT —
ACCESS COMPLIANCE CONCERNING 2010
CALIFORNIA BUILDING CODE (CBC)
CALIFORNIA CODE OF REGULATIONS,
TITLE 24, PART 2**

Notice is hereby given that the California Building Standards Commission (CBSC) on behalf of the Division of the State Architect — Access Compliance (DSA-AC) proposes to adopt, approve, codify, and publish changes to building standards contained in the California Code of Regulations (CCR), Title 24, Part 2. The DSA-AC is proposing building standards related to access for persons with disabilities.

PUBLIC COMMENT PERIOD

A public hearing has not been scheduled; however, written comments will be accepted from May 13, 2011, until 5:00 p.m. on June 27, 2011. Please address your comments to:

California Building Standards Commission
2525 Natomas Park Drive, Suite 130
Sacramento, CA 95833
Attention: Dave Walls, Executive Director

Written comments may also be faxed to (916) 263-0959 or e-mailed to CBSC@dgs.ca.gov.

Pursuant to Government Code Section 11346.5(a)(17), any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period that a public hearing be held.

**POST-HEARING MODIFICATIONS TO THE
TEXT OF THE REGULATIONS**

Following the public comment period, the CBSC may adopt the proposed building standards substantial-

ly as proposed in this notice or with modifications that are sufficiently related to the original proposed text and notice of proposed changes. If modifications are made, the full text of the proposed modifications, clearly indicated, will be made available to the public for at least 15 days prior to the date on which the CBSC adopts, amends, or repeals the regulation(s). CBSC will accept written comments on the modified building standards during the 15-day period.

NOTE: To be notified of any modifications, you must submit written/oral comments or request that you be notified of any modifications.

AUTHORITY AND REFERENCE

The California Building Standards Commission proposes to adopt these building standards under the authority granted by California Health and Safety Code Sections (H&SC§) 18930 and 18949.1. The purpose of these building standards is to implement, interpret, and make specific the provisions of Government Code Sections (GC§) 4450 through 4461 and 12955.1 and H&SC§ 18949.1 and 19952 through 19959. DSA-AC is proposing this regulatory action based on GC§ 4450.

INFORMATIVE DIGEST

Summary of Existing Laws

GC§ 4450 authorizes the State Architect to establish building standards for making buildings, structures, sidewalks, curbs, and related facilities accessible to and usable by persons with disabilities. GC§ 12955.1(d) authorizes the State Architect to establish building standards for public housing. California Financial Code Section (FC§) 13082 requires a tactually discernible numerical keypad or other technology that enables a visually impaired person to access a point-of-sale system equipped with a video touch screen.

Summary of Existing Regulations

Existing building standards which prescribe requirements for accessibility to public buildings, public accommodations, commercial buildings and publicly funded housing are promulgated by the DSA-AC. These regulations are contained in the California Building Code (Title 24, Part 2).

Summary of Effect

The proposed action would amend the California Building Code (Title 24, Part 2). Adoption of the proposed building standards will enable the DSA to fulfill the legislative mandates of GC§ 4450(b) and GC§ 12955.1(c) relating to access for persons with disabilities. Additionally, DSA is proposing building stan-

dards consistent with FC§ 13082 to make code users aware of the new requirement for a tactually discernible numerical keypad or other technology that enables a visually impaired person to access a point-of-sale system equipped with a video touch screen.

Comparable Federal Statute or Regulations

Comparable federal statutes and regulations include the federal Americans with Disabilities Standards as adopted by the United States Department of Justice to implement the federal Americans with Disabilities Act of 1990 (Public Law 101-336), and the federal Fair Housing Accessibility Guidelines adopted by the United States Department of Housing and Urban Development to provide builders and developers with technical guidance on how to comply with the specific accessibility requirements of the federal Fair Housing Amendments Act of 1988 (Public Law 100-430).

Policy Statement Overview

The proposed building standards are intended to clarify existing accessibility provisions contained in the 2010 CBC, ensure consistency with federal accessibility requirements, and make code users aware of recent legislation pertaining to point-of-sale systems.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

Per California Government Code Section (GC§) 4450(d), the DSA is directed to prepare and submit for certification to the United States Department of Justice (USDJO) proposed amendments to the California Building Code (CBC) which ensure California's building standards for disability access in commercial occupancies are consistent with federal regulations. The proposed building standards will, in part, help to ensure that the accessibility regulations promulgated by DSA and published in CCR, Title 24, Part 2 do not prescribe a lesser standard of accessibility than provided by the federal ADA Standards as adopted by the USDJO.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Division of the State Architect has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts.

ESTIMATE OF COST OR SAVINGS

- A.** Cost or Savings to any state agency: **NO**
- B.** Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **NO**

- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **NO**
- D. Other nondiscretionary cost or savings imposed on local agencies: **NO**
- E. Cost or savings in federal funding to the state: **NO**

**INITIAL DETERMINATION OF NO
SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT ON BUSINESSES**

The Division of the State Architect has made an initial determination that the proposed regulatory action will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states.

DECLARATION OF EVIDENCE

No facts, evidence, documents, testimony or other evidence has been relied upon to support the initial determination of no effect.

**FINDING OF NECESSITY FOR THE PUBLIC'S
HEALTH, SAFETY, OR WELFARE**

The proposed regulatory action does not require a report by a business or agency, therefore the Division of the State Architect has not made a finding of necessity for the public's health, safety or welfare.

**COST IMPACT ON REPRESENTATIVE PRIVATE
PERSON OR BUSINESS**

The Division of the State Architect is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed regulatory action.

**ASSESSMENT OF EFFECT OF REGULATIONS
UPON JOBS AND BUSINESS EXPANSION,
ELIMINATION OR CREATION**

The Division of the State Architect has assessed whether or not and to what extent this proposal will affect the following:

- The creation or elimination of jobs within the State of California.
 - The Division of the State Architect has determined that the proposed regulatory action has no effect.

- The creation of new businesses or the elimination of existing businesses within the State of California.
 - The Division of the State Architect has determined that the proposed regulatory action has no effect.
- The expansion of businesses currently doing business with the State of California.
 - The Division of the State Architect has determined that the proposed regulatory action has no effect.

**INITIAL DETERMINATION OF SIGNIFICANT
EFFECT ON HOUSING COSTS**

The Division of the State Architect has made an initial determination that this proposal would not have a significant effect on housing costs.

CONSIDERATION OF ALTERNATIVES

The Division of the State Architect has determined that no reasonable alternative considered by the state agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

**AVAILABILITY OF
RULEMAKING DOCUMENTS**

All of the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public review, by contacting the person named below. This notice, the express terms and initial statement of reasons can be accessed from the California Building Standards Commission website:

<http://www.bsc.ca.gov/>

Interested parties may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or at the California Building Standards Commission website.

**CBSC CONTACT PERSON FOR PROCEDURAL
AND ADMINISTRATIVE QUESTIONS**

General questions regarding procedural and administrative issues should be addressed to:

Jane Taylor, Senior Architect
2525 Natomas Park Drive, Suite 130
Sacramento, CA 95833

Telephone No.: (916) 263-0916
Facsimile No.: (916) 263-0959

**PROPOSING STATE AGENCY CONTACT
PERSON FOR SUBSTANTIVE AND/OR
TECHNICAL QUESTIONS ON THE PROPOSED
CHANGES TO BUILDING STANDARDS**

Specific questions regarding the substantive and/or technical aspects of the proposed changes to the building standards should be addressed to:

Richard Conrad, Principal Architect
richard.conrad@dgs.ca.gov
Telephone No.: (916) 324-7180

Division of the State Architect
1102 Q Street, Suite 5100
Sacramento, CA 95811

**TITLE 24. BUILDING STANDARDS
COMMISSION**

**NOTICE OF PROPOSED CHANGES
TO
BUILDING STANDARDS
OF THE
CALIFORNIA DEPARTMENT OF PUBLIC
HEALTH
REGARDING THE CALIFORNIA BUILDING
CODE CALIFORNIA CODE OF
REGULATIONS, TITLE 24, PART 2**

Public Pools

Notice is hereby given that the California Building Standards Commission (CBSC) on behalf of the California Department of Public Health (CDPH) proposes to adopt, approve, codify, and publish changes to building standards contained in the California Code of Regulations (CCR), Title 24, Part 2. CDPH is proposing building standards related to public pools.

PUBLIC COMMENT PERIOD

Written comments will be accepted by the CBSC regarding the proposed changes from May 13, 2011, until 5:00 p.m. on June 27, 2011.

Please address your comments to:

California Building Standards Commission
2525 Natomas Park Drive, Suite 130
Sacramento, CA 95833
Attention: Dave Walls, Executive Director

Written comments may also be faxed to (916) 263-0959 or emailed to CBSC@dgs.ca.gov.

Pursuant to Government Code Section 11346.5(a)(17), any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period, that a public hearing be held.

**POST-HEARING MODIFICATIONS TO THE
TEXT OF THE REGULATIONS**

Following the public comment period, the CBSC may adopt the proposed building standards substantially as proposed in this notice or with modifications that are sufficiently related to the original proposed text and notice of proposed changes. If modifications are made, the full text of the proposed modifications, clearly indicated, will be made available to the public for at least 15 days prior to the date on which the CBSC adopts, amends, or repeals the regulations. CBSC will accept written comments on the modified building standards during the 15-day period.

NOTE: To be notified of any modifications, you must submit written or oral comments or request that you be notified of any modifications.

AUTHORITY AND REFERENCE

The CBSC proposes to adopt these building standards under the authority granted by the California Health and Safety Code (HSC). The purpose of these building standards is to implement, interpret, and make specific the provisions of the HSC. CDPH is proposing this regulatory action based on the HSC, Sections 116025-116068.

INFORMATIVE DIGEST

Summary of Existing Laws

HSC Section 1797.182 requires that all ocean, public beach, and public swimming pool lifeguards and all firefighters in the state, except those whose duties are primarily clerical or administrative, shall be trained to administer first aid and cardiopulmonary resuscitation.

HSC Sections 116025-116068 requires every public swimming pool and its operation to ensure the safety of its bathers and provides measures to ensure that the public swimming pools at all times are sanitary, healthful and safe.

HSC Sections 116028 and 116033 require lifeguards to possess, as minimum qualifications as determined by the CDPH, current certificates from an American Red Cross or YMCA of the U.S.A. lifeguard training program or to have equivalent qualifications and to have been trained to administer first aid.

HSC 115990 requires a wave pool operator to comply with several specified safety requirements to ensure that there are consistent safety standards to reduce or eliminate drowning and near-drowning cases.

Summary of Existing Regulations

Chapter 31 B, Part 2, Title 24, CCR requires standards for the construction, installation, alteration, addition, relocation, replacement or use of any public swimming pool including its appurtenant auxiliary areas, facilities, mechanical equipment, and related piping.

Summary of Effect

The proposal will update the public pool regulations to reflect current health and safety practices, industry standards, and operations. The proposed pool regulations have been posted on the CDPH web site at <http://www.cdph.ca.gov/HealthInfo/environhealth/water/Pages/CaliforniaPublicSwimmingPool-Requirements.aspx>. Upon the recommendation of the CBSC Ad Hoc Code Advisory Committee on March 24, 2011, pool industry stakeholders have been notified that the proposed regulations are available for review. To date no new comments have been received by CDPH.

Comparable Federal Statute or Regulations

Virginia Graeme Baker Pool and Spa Safety Act, 15 USC 8001, Title XIV Sections 1401–1408 requires that each public pool in the United States be equipped with antientrapment devices or systems that comply with a specified performance standard, and each public pool and spa in the United States equipped with a single main drain other than an unblockable drain be equipped at a minimum with 1 or more specified devices or systems designed to prevent entrapment by pool or spa drains.

Policy Statement Overview

CDPH is proposing adoption of new public swimming pool regulations including standards for water park facilities such as spray grounds as well as the amendment and repeal of existing public swimming pool regulations. The public health risk associated with spray grounds is significant and has been associated with several illness outbreaks around the country. The purpose of the proposal is to update existing public pool regulations to reflect current health and safety practices, industry standards, and public pool operations. The proposal would incorporate by reference the NSF International Standard/American National Standards

Institute 50–2010 effective August 2010 and the United States Diving Inc, Diving Rulebook effective January 1, 2010.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

None.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

CDPH has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts.

ESTIMATE OF COST OR SAVINGS

- A. Cost or Savings to any State agency: Yes
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: No
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: No
- D. Other nondiscretionary cost or savings imposed on local agencies: No
- E. Cost or savings in federal funding to the state: No
Estimate: \$4,687 for each new public pool constructed by State agencies.

INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

CDPH has made an initial determination that the adoption/amendment/repeal of this regulation will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states.

DECLARATION OF EVIDENCE

CDPH has determined that there are minimal facts, evidence, documents, testimony, or other evidence upon which the agency relied to support its initial determination of no effect pursuant to the Government Code Section 11346.5(a)(8). The public is welcome to submit any information, facts, or documents either supporting CDPH's initial determination or finding to the contrary.

FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE

CDPH has made an assessment of the proposal regarding the economic impact of recordkeeping and reporting requirements and has determined that a report pursuant to Government Code Section 11346.3(c) is not required.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The total statewide dollar costs that businesses and individuals may incur to comply with this regulation over its lifetime is \$4,687 in annual pool construction costs for each new or renovated pool.

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

CDPH has assessed whether or not and to what extent this proposal will affect the following:

The creation or elimination of jobs within the State of California.

The proposed regulations will not create or eliminate jobs within the State of California.

The creation of new businesses or the elimination of existing businesses within the State of California.

The proposed regulations will not create new businesses or eliminate existing businesses within the State of California.

The expansion of businesses currently doing business with the State of California.

The proposed regulations will not expand businesses currently doing business with the State of California.

INITIAL DETERMINATION OF SIGNIFICANT EFFECT ON HOUSING COSTS

CDPH has made an initial determination that this proposal would not have a significant effect on housing costs.

CONSIDERATION OF ALTERNATIVES

CDPH must determine that no reasonable alternative considered by CDPH or that has otherwise been identified and brought to the attention of CDPH would be more effective in carrying out the purpose for which the

action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF RULEMAKING DOCUMENTS

All of the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public review by contacting the person named below. This notice, the express terms, and initial statement of reasons can be accessed from the CBSC website: <http://www.bsc.ca.gov/>.

Interested parties may obtain a copy of the final statement of reasons once it has been prepared by making a written request to the contact person named below or at the CBSC website.

CBSC CONTACT PERSON FOR PROCEDURAL AND ADMINISTRATIVE QUESTIONS

General questions regarding procedural and administrative issues should be addressed to:

GENERAL PUBLIC INTEREST

DEPARTMENT OF FISH AND GAME

CALIFORNIA ENDANGERED SPECIES ACT CONSISTENCY DETERMINATION NO. 2080-2011-010-06

Project: Devers-Palo Verde No. 2 Transmission Line Project

Location: Riverside County

Applicant: Southern California Edison

Background

Southern California Edison (SCE) proposes to construct a new 153-mile 500-kV electric transmission line, including fiber optic communication lines, upgrades to SCE's existing Valley Substation and Devers Substation, and a new Colorado River Substation (CRS). The entire project will cross approximately 56.5 miles of Federal lands, 94 miles of private land, and 0.5 mile of State lands. The Devers-Palo Verde No. 2 Transmission Line Project (DPV2 or Project) includes two lines in Riverside County, California. One line will extend 42 miles from the Devers Substation near Palm Springs west to the Valley Substation near Hemet, and the other will extend 110 miles from a new substation, CRS, west to SCE's existing Devers Substation.

The DPV2 transmission line will be constructed approximately 130 feet from the existing DPV1 transmission line, and placement will match the DPV1 towers to the extent practicable. Approximately 543 four-legged, single-circuit, lattice steel towers will be constructed along the 153-mile DPV2 alignment. Each tower pad will require four augured and cast-in-place concrete piles or footings. Each tower pad will be approximately 0.9 acre and require construction of a spur road from the existing access road. Approximately 75 percent of the spur roads will be up to 130 feet long and 14 feet wide, and impact up to 0.4 acre each. The remaining 25 percent of the spur roads will be up to 200 feet in length. Concrete will be hauled to tower sites in up to 16 concrete trucks working simultaneously at peak construction along both lines, each making one round trip per day. A helicopter will pull small and light-weight pilot lines through the stringing travelers. Stringing will require construction of a 0.9-acre pulling station and a 0.2-acre splicing station approximately every 2 miles along the transmission route. Most of the modifications to the Devers Substation will occur within the existing fenced area; however the expansion will result in approximately 10 acres of new disturbance.

Construction of the CRS switchyard, 10 miles southwest of Blythe, will be located on approximately 90 acres. The CRS switchyard will include the substation, a substation expansion area, a temporary construction staging area and access road, a temporary work zone/perimeter buffer, two permanent driveways, a permanent concrete perimeter wall, an improved access road from Wiley Wells Road to CRS, drainage and sideslope grading along the perimeter, and a storm water detention basin. Two new telecommunications transmission lines will be constructed: one from CRS on the proposed CRS distribution/power line road north to an existing power pole transmission line, and the other from CRS on the existing DPV1 towers south to a point just north of the agricultural areas in Blythe where it will be attached to a new wood pole along an existing transmission access road.

The Project activities described above are expected to incidentally take¹ the Stephens' kangaroo rat (*Dipodomys stephensi*) (kangaroo rat). The kangaroo rat is designated as an endangered species pursuant to the federal Endangered Species Act (ESA) (Title 16 U.S.C. § 1531 et seq.) and a threatened species pursuant to the California Endangered Species Act (CESA) (Fish & G. Code, § 2050 et seq.). (See Cal. Code Regs., tit. 14, § 670.5, subd. (b)(6)(C).) One kangaroo rat was detected at one tower location in the Devers-Valley segment in 2009. However, based on density estimates for this species, the Fish and Wildlife Service (Service) estimates that up to 12 juvenile and adult kangaroo rats could occur in suitable habitat during the 30-year life of the Project. Death or injury to juvenile or adult kangaroo rats could occur during Project-related construction and during operation and maintenance (O&M) activities along the Devers-Valley line segment of the Project. In particular, kangaroo rats could be taken as a result of capture and relocation activities, collisions with or crushing by vehicles or heavy equipment, crushing or burial of individuals in burrows, being trapped in construction excavations or pipes, and collection or vandalism by increased human presence in the area.

The Project activities described above are expected to incidentally take the Coachella Valley fringed-toed lizard (*Uma inornata*) (fringe-toed lizard). The fringe-toed lizard is designated as a threatened species pursuant to ESA and an endangered species pursuant to CESA. (See Cal. Code Regs., tit. 14, § 670.5, subd. (a)(4)(A).) Fringe-toed lizard surveys and habitat assessments were conducted to map blow sand, of which four patches were mapped along the right of way (ROW). Two patches are crossed by the ROW. In addition,

¹ Pursuant to Fish and Game Code section 86, "Take" means hunt, pursue, catch, capture, or kill, or attempt to hunt, pursue, catch, capture or kill."

tion, the proposed Project traverses 6 miles of critical habitat and 4 miles of habitat modeled for the fringe-toed lizard in the Coachella Valley Multiple Species Habitat Conservation Plan (CVMSHCP). While no fringe-toed lizards were found within the DPV2 ROW, the presence of modeled habitat and mapped habitat in the ROW and the cryptic nature of this species led the Service to presume that the species will be present in the modeled habitat in the Devers–Valley and CRS–Devers segments over the life of the Project. Thirty-two adult fringe-toed lizards are estimated by the Service to be present in the Project footprint. Death or injury to juveniles, adults, or eggs could occur during Project-related construction and O&M activities. In particular, fringe-toed lizards could be taken as a result of collisions with or crushing by vehicles or heavy equipment, crushing or burial of individuals or eggs in burrows, trampling or burial.

The Project activities described above are expected to incidentally take desert tortoise (*Gopherus agassizii*) (tortoise or desert tortoise). The desert tortoise is designated as an endangered species pursuant to ESA and a threatened species pursuant to CESA. (See Cal. Code Regs., tit. 14, § 670.5, subd. (b)(4)(A).) The Project alignment traverses the Colorado Desert Recovery Unit for the desert tortoise. Habitat assessments and protocol-level surveys were conducted in 1985 (10 live tortoises and 5 burrows), 1993 (6 live tortoises and 29 burrows), 2002 (0 live tortoise and 7 burrows), 2003 (1 live tortoise and 5 burrows), 2005 (2 live tortoise and 25 burrows), 2007 (11 live tortoise and 53 burrows), and 2008 (0 live tortoise and 4 burrows). Live tortoise and/or signs were found in the CRS–Devers segment only. Based on the presence of live tortoises and signs in the CRS–Devers segment, and the presence of modeled habitat, critical habitat, and occupied habitat it is anticipated tortoise will be present along the entire DPV2 ROW for the life of the Project. The Service estimates that 4 to 12 subadult and adult and 4 to 6 juvenile tortoises may occur within the Project footprint. Death or injury to juvenile or adult tortoises could occur during Project-related construction and O&M activities along the entire length of the Project. In particular, tortoises could be taken as a result of capture and relocation activities, collisions with or crushing by vehicles or heavy equipment, crushing or burial of individuals or eggs in burrows, being trapped in construction excavations or pipes, and collection or vandalism by increased human presence in the area.

Because the Project is expected to result in take of several species designated as threatened and/or endangered under ESA, the Bureau of Land Management (BLM) consulted with the Service as required by ESA. On January 11, 2011, the Service issued a biological opinion (Service file No. FWS–ERIV–07B0060–

10F0884) (BO) to BLM. The BO describes the Project, requires the Applicant to comply with the terms of the BO and its incidental take statement (ITS) and incorporates additional measures. The BO also requires SCE to implement and adhere to measures contained within the Biological Assessment (BA) and the Project Final Environmental Impact Report/Environmental Impact Statement, dated October 2006.

On March 28, 2011 the Director of the California Department of Fish and Game (CDFG) received a notice from SCE, the Applicant, requesting a determination pursuant to Fish and Game Code section 2080.1 that the BO and its related ITS are consistent with CESA for purposes of the Project and incidental take of kangaroo rat, fringe-toed lizard, and desert tortoise. (See Cal. Reg. Notice Register 2011, No. 2011–14Z, p. 517–518.)

Determination

DFG has determined that the BO, including the ITS, is consistent with CESA as to the Project with respect to the incidental take of kangaroo rat, fringe-toed lizard, and desert tortoise because the mitigation measures contained in and incorporated into the BO and ITS, meet the conditions set forth in Fish and Game Code section 2081, subdivisions (b) and (c), for authorizing incidental take of CESA-listed species. Specifically, DFG finds that: (1) take of kangaroo rat, fringe-toed lizard, and desert tortoise will be incidental to an otherwise lawful activity; (2) the mitigation measures identified in and incorporated into the BO and ITS will minimize and fully mitigate the impacts of the authorized take; (3) adequate funding is ensured to implement the required avoidance, minimization, and mitigation measures and to monitor compliance with, and effectiveness of, those measures; and (4) the Project will not jeopardize the continued existence of the covered species. The mitigation measures included in and incorporated into the BO and ITS include, but are not limited to, the following:

Avoidance, Minimization, and Mitigation Measures

Stephens' kangaroo rat:

- A Qualified Biologist² will install exclusion fencing around work areas where impacts will occur, trap animals from inside impact areas and relocate trapped animals out of harm's way outside of exclusion fencing until construction is completed. Once construction is completed SCE will remove all exclusion fencing and re-contour the soils to the preconstruction condition. The name and qualifications of the Qualified Biologist

² A Qualified Biologist is defined as a wildlife biologist who has been authorized by BLM, the Service, and CDFG to conduct surveys, monitoring, and/or relocation/salvage activities for kangaroo rats and fringe-toed lizards.

will be submitted to the Service and CDFG for approval at least 30 days prior to Project construction in occupied kangaroo rat habitat.

- During construction in suitable habitat, work will only occur during daylight hours and no night lighting will be used in kangaroo rat habitat.
- Earthen berm heights will not exceed 5 inches in suitable habitat.
- To partially offset the impacts of permanent (0.20 ac) losses of kangaroo rat habitat SCE will mitigate by acquiring 0.20 acres of habitat. Occupied kangaroo rat habitat will be purchased within the Southwestern Riverside County Multiple Species Reserve. Payment of \$2,800 (at \$14,000/ac) will be made to the Metropolitan Water District of Southern California for acquisition of habitat prior to any Project-related work within the kangaroo rat habitat.
- To partially offset the temporary/long-term impacts to 2.80 acres of kangaroo rat habitat, SCE will restore/enhance 2.80 acres of kangaroo rat habitat. Restoration or enhancement will occur within the Lake Perris State Recreation Area portion of the San Jacinto Lake Perris Stephens' Kangaroo Rat Reserve in Riverside County. The enhancement will consist of nonnative grass suppression by mowing, hand clearing and/or fusillade application in kangaroo rat habitat. SCE will provide payment of \$2,940 (at \$1,050/acre) to the California Department of Parks and Recreation prior to the initiation of construction in kangaroo rat habitat.

Coachella Valley fringe-toed lizard:

- To the extent possible all construction activities within modeled/blow sand habitat will be conducted during the active season (April through October). Construction activities may be extended beyond the active season if exclusionary fencing is installed during the active season.
- A Qualified Biologist will conduct preconstruction clearance surveys immediately prior to ground disturbance and will be present during all construction activities in these areas. The name and qualifications of the Qualified Biologist will be submitted to the Service and CDFG for approval at least 30 days prior to Project construction in modeled/blow sand habitat.
- If fringe-toed lizards are found, the Qualified Biologist will capture and relocate any individuals to the nearest suitable habitat in modeled/blow sand habitat outside of the DPV1/DPV2 ROW.

- To partially offset the permanent and temporary/long-term impacts (18 acres of modeled habitat and 26 acres of critical habitat), SCE will acquire 88 acres of fringe-toed lizard habitat.
- The lands will be purchased either by SCE or SCE can deposit funds with the National Fish and Wildlife Foundation (NFWF) under the account governed by the Renewable Energy Action Team/NFWF Memorandum of Agreement, dated 2010 (REAT/NFWF MOA); if funds are deposited with NFWF, a compensation fee will be assessed based on current fair market appraised value for the specific geographic area in which the acquisition occurs. The acquired lands will occur in fringe-toed lizard habitat with equivalent function and value. The replacement habitat is intended to benefit the population of fringe-toed lizard adversely affected by the Project; therefore, replacement habitat to offset impacts to fringe-toed lizard modeled habitat will be located within or adjacent to priority conservation areas in the CVMSHCP with comparable or better habitat value. Habitat acquired for impacts to fringe-toed lizard critical habitat will be located within designated critical habitat with comparable or better habitat value. BLM, the Service, and CDFG will coordinate to reach mutual agreement on the land ownership/management of acquired lands. If critical habitat for fringe-toed lizard is not available from willing sellers, alternative compensation lands of equivalent or better habitat function and value in modeled habitat will be considered.
- If funds are provided to NFWF: (1) compensation funds will be provided no later than 30 days prior to ground disturbance, (2) lands will be acquired no later than 18 months after ground-disturbing activity, and (3) lands will be conserved in perpetuity by a legal mechanism agreed to by the three agencies. SCE will establish a management fund for the agency that owns and manages the acquired lands. The management fund will consist of an interest-bearing account (as described in the REAT/NFWF MOA), with the amount of capital commensurate to generate sufficient interest to fund all monitoring, management, and protection of the acquired lands, including reasonable administrative overhead, biological monitoring, improvements to carrying capacity, law enforcement measures, and other actions designed to protect or improve the habitat values of the acquired lands. A Property Analysis Record (as described at:

http://cnlm.org/cms/index.php?option=com_content&task=view&id=21&Itemid=155 or comparable method) will be conducted by SCE and reviewed by BLM, the Service, and CDFG, to determine the management needs and costs described above, which then will be used to calculate the amount of capital needed for the management fund. This management fund will be held and managed by NFWF or another entity approved by BLM, the Service, and CDFG.

- If conservation lands are acquired directly by SCE they must meet CESA's fully mitigated standard. Lands purchased will be transferred in fee title to CDFG, a CDFG approved non-profit organization qualified pursuant to California Government Code section 65965, or other government entity with either a conservation easement, deed restriction, or other protective measures (as approved by BLM and CDFG) over those lands. If lands are transferred to CDFG, SCE will reimburse CDFG for reasonable expenses incurred during title and documentation review, expenses incurred from other state agency reviews, and overhead related to transfer of the lands. CDFG estimates that this Project will create an additional cost to CDFG of no more than \$3,000 for every fee title deed or easement processed. If lands are transferred via donation to BLM, similar transfer fees may be incurred.
- SCE may proceed with ground-disturbing activities before completing all of the required mitigation (including acquisition of lands), monitoring, and reporting activities by ensuring funding to complete those activities. SCE will provide to CDFG, no later than 30 days prior to commencing ground-disturbing activities, an irrevocable letter of credit or another form of security (security) approved by CDFG's Office of the General Counsel. The security will allow CDFG to draw on the principal sum if CDFG, at its sole discretion, determines that SCE has failed to comply with the Conditions of Approval.
- The security will be in the amount of \$413,600 based on the following estimated costs of implementing the mitigation, monitoring and reporting requirements: land acquisition costs for impacts to habitat, calculated at \$3,000.00/acre for 35.61 hectares (88 acres): \$264,000; costs of enhancing mitigation lands, calculated at \$250.00/acre: \$22,000; long term maintenance and management, calculated at \$1,450.00/acre: \$127,600. Even after the security is provided, SCE must complete the required acquisition, protection, and transfer of all lands and record the

required conservation easements, deed restriction, or other protection measures no later than 18 months after the start of ground-disturbing activities.

Desert Tortoise:

- All construction activities, to the extent possible, will be conducted when tortoises are less active between November to March.
- An Authorized Biologist will be present during all construction activities in tortoise habitat during the tortoise's more active season (April thru May and September thru October). The name and qualifications of the Authorized Biologist will be submitted on the Service's Desert Tortoise Authorized Biologist Request Form to BLM, the Service and CDFG for approval at least 30 days prior to initiation of ground-disturbing activities. An Authorized Biologist is defined as a wildlife biologist who has been authorized by BLM, the Service, and CDFG to conduct surveys, monitoring, and handling of tortoise.
- The Authorized Biologist will conduct preconstruction clearance surveys immediately prior to initiation of ground disturbance regardless of time of year. Surveys will cover 100 percent of the acreage to be disturbed. All potential burrows within 100 feet of construction activity will be marked and avoided to the extent practicable. Those that cannot be avoided will be excavated by the Authorized Biologist.
- Tortoises found on the surface during preconstruction clearance surveys or during construction activities will be moved out of harm's way and released within 500 m from the point of collection.
- Tortoises found in burrows during the species' less active period (November to March) will be avoided to the extent practicable. Those that cannot be avoided will be excavated and the tortoise removed, blocked into an artificial or empty natural burrow within 500 m from the construction area and monitored until construction activities in the area are complete. Excavation, creation of artificial burrows, and handling of eggs, juveniles and adults will be conducted in accordance with the Service's Desert Tortoise *Field Manual* or more current Service guidance.
- During construction, all parked vehicles will be inspected prior to being moved. If a tortoise is found beneath a vehicle, the Authorized Biologist will be contacted to move the animal out of harm's way, or the vehicle will not be moved until the tortoise leaves on its own accord.

- Road-killed animals or other carcasses detected in the DPV2 ROW during construction related activities will be picked up and disposed of immediately. The Qualified Biologist will contact CDFG and the Service within one working day of receipt of the carcass for guidance on disposal or storage of the carcass.
- SCE will implement a Raven Control Plan (RCP). The goal of the RCP will be to utilize methods to deter raven depredation of juvenile tortoises, as well as other wildlife species that may be listed or may be considered sensitive, in order to ensure that overall numbers of tortoises along DPV2 do not decrease. The plan will incorporate an adaptive management strategy that will be implemented immediately following construction and evaluated after five years of monitoring. The following activities will be implemented as part of the RCP:

(1) Common Raven Nest Monitoring: A Qualified Biologist(s) or Service-approved SCE designee with expertise identifying common raven nests and tortoise remains (e.g., carcass, shell, and bone fragments) will conduct surveys for the presence of common raven nests on DPV2 tower structures and for the presence of tortoise remains within a 15-meter (49-foot) radius of each tower in tortoise modeled, critical, and occupied habitat. The name and qualifications of the Qualified Biologist will be submitted to BLM, the Service, and CDFG for approval 30 days before the commencement of monitoring each year. Nest surveys will be conducted at least once per month, between the 15th and last day of each month, during the primary common raven nest building period (February to May) and will begin the first common raven nesting season following the completion of tower construction in tortoise habitat. Nest surveys methods may include vehicular windshield surveys or pedestrian surveys, as appropriate. In the event that a common raven is documented initiating a new nesting attempt during the May surveys, follow up visits to that nest will be made in the subsequent months to establish whether or not the pair is bringing tortoises back to the nest.

Throughout the survey period, if tortoise remains are found below an active nest, SCE will document the remains and verify the nesting status of the common ravens (e.g., incubating, feeding nestlings), herein referred to as offending ravens, and notify BLM, the Service, and CDFG by phone and in writing (email or fax) within 24 hours of documenting the remains. Upon being notified,

the Service will contact the Common Raven Management Work Group which will coordinate immediate removal of the offending raven(s). SCE will establish a Cooperative Service agreement with USDA/APHIS allowing for Wildlife Services to conduct the removal efforts of offending raven(s) within the DPV2 ROW. SCE will be responsible for expenses attributed to removal of offending ravens nesting on DPV2 towers.

At least once per year outside of the avian breeding season and the tortoise's more active season (April thru May and September thru October), SCE will remove all previously documented offending raven nests from all DPV2 tower structures along the surveyed transmission line and completely dispose of the nesting material so that it is no longer available for use for nest building (e.g., removal to a landfill or disposal at SCE facility). Raven nest removal will be scheduled in a manner that does not impact personnel safety or system reliability.

The Qualified Biologist(s) or Service-approved SCE designee will also conduct nest surveys at the Devers and Colorado River substations. Surveys will begin in February and will continue through May, occurring between the 15th and last day of each month. If an active common raven nest is located, searches for the presence of tortoise remains within a 15-meter (49-foot) radius of the nest will be conducted. If tortoise remains are found, SCE will follow the same procedure outlined above. Similarly, offending ravens nesting on the substation facilities will be removed in accordance with the aforementioned procedures. Raven nest removal will be scheduled in a manner that does not impact personnel safety or system reliability.

SCE will submit a report on the survey effort and a GIS layer to the Service of all the nests recorded during the year within 90 days of the last survey effort. The Service will be responsible for sharing the nest information with the Common Raven Management Work Group. An evaluation of the effectiveness of this conservation measure will be reviewed by SCE, BLM, the Service, and CDFG on an annual basis in order to develop appropriate adaptive measures for DPV2 for the next breeding season. The frequency and type of surveys implemented may increase or decrease depending on survey results and the effectiveness of the monitoring and removal. SCE will implement adaptive management measures after consultation with the Service based on the effectiveness of

conservation measures. Nest monitoring and removal, searches for desert tortoise remains, and common raven removal will be conducted for the life of the Project or until SCE demonstrates, and BLM, the Service, and CDFG agree, that any or all of these actions are no longer necessary based on the results of the nest monitoring surveys.

(2) Contribution to the Raven Management Plan: SCE will provide funds to NFWF to contribute to a region-wide raven control plan to help address raven predation on the tortoise. This contribution will be used to address raven predation on a regional basis and will be calculated as the linear extent of DPV2 line in tortoise habitat [152.05 km (94.48 mi)] multiplied by tower pad width [61 meter (200 feet)] plus acres of tortoise habitat impacted by construction of the CRS [32.37 hectares (80 acres)] multiplied by \$105 per acre. Based on this calculation (94.48 miles x 200 feet + 80 acres = 2,499 acres x \$105/acre), SCE will provide a one-time payment of \$262,416 to NFWF's Raven Management Plan fund. If NFWF is not prepared to accept funds at the time of Project authorization, the payment will be provided directly to BLM for raven management within tortoise habitat on BLM lands. SCE will provide these funds to NFWF or BLM (if NFWF is not ready to accept funds), prior to the initiation of construction activities in tortoise habitat.

- For permanent and temporary/long-term (157 acres) impacts to habitat in the Chuckwalla Critical Habitat Unit (CHU) or Chuckwalla Desert Wildlife Management Area (DWMA) but outside of modeled habitat, the compensation will be 785 acres. For habitat in the Chuckwalla CHU or DWMA, also identified as modeled habitat (108 acres) the compensation will be a total of 540 acres. For impacts to modeled habitat outside the Chuckwalla CHU or DWMA (180 acres), the compensation will be a total of 180 acres. For impacts to occupied habitat outside the Chuckwalla CHU, DWMA, or modeled habitat (151 acres), the compensation will be a total of 151 acres. Total compensatory mitigation for all impacts to tortoise within the entire DPV2 Project footprint will be 1,656 acres.
- The lands will be purchased either by SCE or SCE can deposit funds with NFWF under the account governed by the REAT/NFWF MOA; if funds are deposited with NFWF, a compensation fee will be assessed based on current fair market appraised value for the specific geographic area in which the acquisition occurs. The acquired lands will occur in tortoise habitat with equivalent function and

value. The replacement habitat is intended to benefit the population of tortoise adversely affected by the Project; therefore, replacement habitat to offset impacts to desert tortoise habitat will be as follows: (a) habitat intended to replace modeled habitat in the CVMSHCP area will be located within or adjacent to priority conservation areas in the CVMSHCP area, (b) habitat intended to compensate for impacts to critical habitat in the CVMSHCP area will be located within critical habitat in the CVMSHCP area, (c) habitat intended to compensate for impacts to critical habitat outside of the CVMSHCP area will be located within critical habitat in the NECO plan area, and (d) habitat intended to replace occupied habitat outside of the CVMSHCP area and outside of critical habitat will be located within the NECO plan area. BLM, the Service, and CDFG will coordinate to reach mutual agreement on the selection and ownership/management of acquired lands.

- If funds are provided to NFWF: (1) compensation funds will be provided no later than 30 days prior to ground disturbance, (2) lands will be acquired no later than 18 months after ground-disturbing activity, and (3) lands will be conserved in perpetuity by a legal mechanism agreed to by the three agencies. SCE will establish a management fund for the agency that owns and manages the acquired lands. The management fund will consist of an interest-bearing account (as described in the REAT/NFWF MOA), with the amount of capital commensurate to generate sufficient interest to fund all monitoring, management, and protection of the acquired lands, including reasonable administrative overhead, biological monitoring, improvements to carrying capacity, law enforcement measures, and other actions designed to protect or improve the habitat values of the acquired lands. A Property Analysis Record (as described at: http://cnlm.org/cms/index.php?option=com_content&task=view&id=21&Itemid=155 or comparable method) will be conducted by SCE and reviewed by BLM, the Service, and CDFG, to determine the management needs and costs described above, which then will be used to calculate the amount of capital needed for the management fund. This management fund will be held and managed by NFWF or another entity approved by BLM, the Service, and CDFG.
- If conservation lands are acquired directly by SCE they must meet CESA's fully mitigated standard. Lands purchased will be transferred in fee title to CDFG, a CDFG approved non-profit organization

qualified pursuant to California Government Code section 65965, or other government entity with either a conservation easement, deed restriction, or other protective measures (as approved by BLM and CDFG) over those lands. If lands are transferred to CDFG, SCE will reimburse CDFG for reasonable expenses incurred during title and documentation review, expenses incurred from other state agency reviews, and overhead related to transfer of the lands. CDFG estimates that this Project will create an additional cost to CDFG of no more than \$3,000 for every fee title deed or easement processed. If lands are transferred via donation to BLM, similar transfer fees may be incurred.

- SCE may proceed with ground-disturbing activities before completing all of the required mitigation (including acquisition of lands), monitoring, and reporting activities by ensuring funding to complete those activities. SCE will provide to CDFG, no later than 30 days prior to commencing ground-disturbing activities, an irrevocable letter of credit or another form of security (security) approved by CDFG's Office of the General Counsel. The security will allow CDFG to draw on the principal sum if CDFG, at its sole discretion, determines that SCE has failed to comply with the Conditions of Approval.
- The security will be in the amount of \$4,471,200 based on the following estimated costs of implementing the mitigation, monitoring and reporting requirements: land acquisition costs for impacts to habitat, calculated at \$1,000.00/acre for 1,656 acres: \$1,656,000; costs of enhancing mitigation lands, calculated at \$250.00/acre: \$414,000; long term maintenance and management, calculated at \$1,450.00/acre: \$2,401,200. Even if the security is provided, SCE must complete the required acquisition, protection, and transfer of all lands and record the required conservation easements, deed restriction, or other protection measures no later than 18 months after the start of ground-disturbing activities.

Monitoring and Reporting Measures

- During Construction the Field Contact Representative (FCR) will coordinate the Authorized or Qualified Biologist to provide a monthly written report to BLM, the Service, and CDFG, detailing completed and ongoing construction-related compliance activities, any non-compliance issues pertaining to the kangaroo rat, fringe-toed lizard, and desert tortoise, and any

incidental observations of healthy, injured, or dead individuals of these species.

- SCE will prepare an annual report by December 31 of each year of the Project detailing construction and O&M activities and effects to kangaroo rats, fringe-toed lizards, and desert tortoises, as described in the "Terms and Conditions" section of the biological/conference opinion.
- Should any kangaroo rats, fringe-toed lizards, or desert tortoises be injured or killed during ground disturbing activities, all activities in the immediate area will be halted and the FCR and/or Authorized or Qualified Biologist will be immediately contacted. BLM, the Service, and CDFG will be notified by fax or email within 24 hours of the incident.

Reinitiation

- If the amount of authorized incidental take is exceeded, new information reveals effects of the agency action that may affect listed species or critical habitat in a manner or to an extent not considered in the opinion, the agency action is modified in a manner that causes an effect to the listed species or critical habitat not considered in the opinion, or a new species is listed or critical habitat designated that may be affected by the action reinitiation of formal consultation would be required.
- SCE, BLM, the Service, and CDFG will re-evaluate the Project description and effects analysis in the BO every 10 years starting from the date the BO is issued. If, at the time of the re-evaluation, BLM, the Service, and CDFG agree that the O&M activities outlined in the Project description are still relevant and that no additional impacts outside those considered in the effects analysis have or will occur as a result of ongoing O&M activities, BLM, the Service, and CDFG will provide written concurrence to SCE stating so. However, if BLM, the Service, or CDFG determine that O&M activities have been implemented inconsistent with the effects analysis of the BO, the BLM will reinitiate formal consultation on the DPV2 Project as provided in Title 50 CFR § 402.16.

Pursuant to Fish and Game Code section 2080.1, take authorization under CESA is not required for the Project for incidental take of Stephens' kangaroo rat, Coachella Valley fringe-toed lizard, and desert tortoise, provided the Applicant implements the Project as described in the BO, including adherence to all measures contained therein, and complies with the mitigation measures and other conditions described in and incorporated into the BO and ITS. If there are any substantive

changes to the Project, including changes to the mitigation measures, or if the Service amends or replaces the BO and ITS, the Applicant shall be required to obtain a new consistency determination or other take authorization for the Project from CDFG as required by CESA. (See generally Fish & G. Code, §§ 2080.1, 2081, subds. (b) and (c).)

PROPOSITION 65

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65)

REQUEST FOR RELEVANT INFORMATION ON CHEMICALS BEING CONSIDERED FOR LISTING BY THE AUTHORITATIVE BODIES MECHANISM: HYDROGEN CYANIDE AND CYANIDE SALTS

May 13, 2011

The California Environmental Protection Agency's Office of Environmental Health Hazard Assessment (OEHHA) is requesting information as to whether hydrogen cyanide and cyanide salts meet the criteria for listing as a reproductive toxicant under the Safe Drinking Water and Toxic Enforcement Act of 1986.¹ This action is being proposed under the authoritative bodies listing mechanism.²

Background on listing via the authoritative bodies mechanism: A chemical must be listed under the Proposition 65 regulations when two conditions are met:

- 1) An authoritative body formally identifies the chemical as causing reproductive toxicity (Section 25306(d)³).
- 2) The evidence considered by the authoritative body meets the sufficiency criteria contained in the regulations (Section 25306(g)).

However, the chemical is not listed if scientifically valid data which were not considered by the authoritative body clearly establish that the sufficiency of evidence criteria were not met (Section 25306(h)). The U.S. Environmental Protection Agency (U.S. EPA) is one of several institutions designated as authoritative for the identification of chemicals as causing reproductive toxicity (Section 25306(l)). OEHHA is the lead agency for implementation of Proposition 65. After an authoritative body has made a determination about a chemical, OEHHA evaluates whether listing under Proposition 65 is required using the criteria contained in the regulations.

OEHHA's determination: Hydrogen cyanide and cyanide salts appear to meet the criteria for listing as known to the State to cause reproductive toxicity under Proposition 65, based on findings of U.S. EPA in their documents, as indicated in the table below.

| Chemical | CAS No. | Endpoint | Reference | Chemical Use |
|------------------------------------|---------|----------------------------|----------------------------|--|
| Hydrogen Cyanide and Cyanide Salts | — | Male reproductive toxicity | U.S. EPA (2010a and 2010b) | Used in mining, metallurgy, manufacturing, photography, electroplating, and as a rodenticide. Released from biomass burning, volcanoes, and natural processes. A component of tobacco smoke. |

Formal identification and sufficiency of evidence:

In 2010, U.S. EPA updated their online Integrated Risk Information System (IRIS) entry for hydrogen cyanide and cyanide salts (U.S. EPA, 2010a). The new oral chronic RfD of 0.0006 mg/kg-day was based on the male reproductive endpoint of decreased cauda epididymis weight in male F344/N rats. This effect on the male reproductive system was observed in a 13-week drinking water study (NTP, 1993), with a BMDL_{1SD} (lower 95% confidence limit on a benchmark dose associated with a 1 standard deviation (SD) change from the control mean) of 1.9 mg/kg-day.

In support of the IRIS entry, a comprehensive review and summary of the available toxicological data and the Agency's evaluation were published as a Toxicological

¹ Commonly known as Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986 is codified in Health and Safety Code section 25249.5 *et seq.*

² See Health and Safety Code section 25249.8(b) and Title 27, Cal. Code of Regs. section 25306.

³ All referenced sections are from Title 27 of the Cal. Code of Regulations.

Review (U.S. EPA, 2010b). The U.S. EPA documents (2010a and 2010b) appear to satisfy the formal identification and sufficiency of evidence criteria in the Proposition 65 regulations.

U.S. EPA (2010a; 2010b, pp. 68–69) concludes that:

“In consideration of the available studies reporting low-dose effects of chronic and subchronic oral exposure to cyanide in animals, the NTP (1993) study was chosen as the principal study. . . . This study identified statistically significant male reproductive effects in rats and mice that increased in severity in a dose-dependent manner. The observed effects included decreased cauda and whole epididymis weights, decreased testes weight, and altered sperm parameters.”

“EPA has selected decreased cauda epididymis weight as the critical effect because it was determined that this effect represents the most sensitive endpoint indicative of male reproductive toxicity. The cauda epididymis is one of the three primary subsections of the epididymis (along with the caput and corpus) and functions as the site of sperm storage and maturation.”

U.S. EPA (2010b) concludes that:

“Reproductive effects, including decreased epididymis, cauda epididymis, and testis weights and decreased sperm parameters (epididymal sperm motility and testicular spermatid counts), have been observed in rats in a subchronic dietary study by NTP (1993). Decreases in the cauda epididymis and epididymis weights were also seen in mice (NTP, 1993). . . . Additionally, reproductive effects, specifically, alterations in testicular histology, have also been observed in a 14-week study in dogs (Kamalu, 1993).”

U.S. EPA (2010b) reviews direct evidence of cyanide-induced male reproductive toxicity in rats, mice and dogs, as well as mechanistic support for this effect. Numerous studies cited by U.S. EPA’s Toxicological Review document (2010b) demonstrate the adverse effects of cyanide on function of the thyroid gland. Additional studies provide evidence for hypothyroidism as a cause of male reproductive damage both during development and in adult animals. On this basis, U.S. EPA (2010b) notes “. . . that the observed reproductive effects following exposure to cyanide may be mediated through decreases in thyroid hormones mediated through the cyanide metabolite thiocyanate.”

Based on either the U.S. EPA (2010a) IRIS entry or the Toxicological Review document (U.S. EPA 2010b),

and the references cited in those documents, the evidence appears to be sufficient for listing hydrogen cyanide and cyanide salts as known to cause reproductive toxicity by the authoritative bodies mechanism.

Request for relevant information: OEHHA is committed to public participation in its implementation of Proposition 65. OEHHA wants to ensure that its regulatory decisions are based on a thorough consideration of all relevant information. If you wish to comment on whether these chemicals meet the criteria for listing provided in Section 25306, please **submit your comments to OEHHA by 5:00 p.m. on Tuesday, July 12, 2011**. We encourage you to submit comments in electronic form, rather than in paper form. Comments transmitted by e-mail should be addressed to coshita@oehha.ca.gov. Comments submitted in paper form may be mailed, faxed, or delivered in person to the addresses below:

Mailing Address:

Ms. Cynthia Oshita
Office of Environmental Health Hazard Assessment
P.O. Box 4010, MS-19B
Sacramento, California 95812-4010
Fax: (916) 323-8803

Street Address:

1001 I Street
Sacramento, California 95814

Optional public forum: Upon request, OEHHA will schedule a public forum to provide individuals an opportunity to present oral comments on the possible listing of these chemicals. At the forum, the public may discuss the scientific data and other relevant information related to whether these chemicals meet the criteria for listing in the regulations.

Requests for a public forum must be submitted in writing no later than Friday, June 10, 2011. The written request must be sent to OEHHA at the mailing address above. If a public forum is requested, a notice will be posted on the OEHHA web site at least ten days before the forum date. The notice will provide the date, time, location and subject matter to be heard. Notices will also be sent to those individuals requesting such notification.

If you have any questions, please contact Ms. Oshita at coshita@oehha.ca.gov or at (916) 445-6900.

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

BOARD OF FORESTRY AND FIRE PROTECTION
Forest Legacy Program Procedures, 2011

At a meeting on April 6, 2011, the Board of Forestry and Fire Protection adopted chapter 9.9 of title 14 of the California Code of Regulations. The regulatory provisions within this new chapter set forth procedures and rules that implement the California Forest Legacy Program Act of 2007 (Pub. Resources Code, § 12200 et seq.). The Act establishes a program to secure conservation easements on private forest lands for the purpose of restricting use of the lands in order to prevent future conversions of resources and maintain habitat connectivity and natural ecosystem functions.

Title 14

California Code of Regulations

ADOPT: 1570, 1571, 1572, 1572.1, 1572.2, 1573, 1573.1, 1573.2, 1573.3, 1573.4, 1573.5, 1573.6, 1574, 1575, 1575.1, 1575.2, 1575.3, 1576

BOARD OF FORESTRY AND FIRE PROTECTION

Special Conditions Requiring Disapproval of Plans, 2010

This regulatory action adds another condition under which the Director of the Department of Forestry and Fire Protection may disapprove a timber harvesting plan. This amendment requires the Director to disapprove a plan that implemented as proposed would result in a significant adverse slope stability impact that could affect public safety. The Director's determination of this special condition shall be supported by a review from the California Geological Survey.

COMMISSION ON STATE MANDATES
Mandate Redetermination Process

This certificate of compliance makes permanent the prior emergency regulatory action (OAL file no. 2010-1118-04EFP) that established a new process for redetermining existing mandates. Under this process, the Commission may adopt a new test claim decision to supersede a previously adopted test claim decision only upon a showing that the state's liability for that test claim decision pursuant to subdivision (a) of Section 6 of Article XIII B of the California Constitution has been modified based on a "subsequent change in law," as defined in Government Code section 17570 (Stats. 2010, c. 719, sec. 33; SB 856). As part of the certificate of compliance action, the Commission also amended a section to include the definition of "subsequent change in law" and amended another section to require the Commission's executive director to issue sequential case numbers, by fiscal year, for "Request to Adopt a New Test Claim Decision to Supersede an Existing Test Claim Decision (NTCD)" new filings. Pursuant to Government Code section 17527, subdivision (g), this regulatory action is exempt from OAL's review.

DENTAL HYGIENE COMMITTEE OF CALIFORNIA

Retroactive Fingerprinting

The Dental Hygiene Committee of California (Committee) submitted this regulatory action to add two new sections to Title 16 of the California Code of Regulations. The Committee is adopting one new section to ensure that a licensee provides timely and accurate responses to inquiries and provides necessary documents needed to investigate and take actions against a licensee convicted of a criminal offense substantially related to the practice of dental hygiene. The second new section provides that every applicant shall furnish fingerprint cards for submission to state and federal agencies to establish the identity of the applicant and to determine if the applicant has a record of any criminal convictions. This regulation would also require the applicant to disclose whether he or she has been convicted of any violation of the law in this state or any other jurisdiction and also state that failure to provide required information including fingerprints may render the renewal application incomplete and ineligible for renewal.

DEPARTMENT OF CORPORATIONS
SEC Rule 3a4-1 (People v. Cole)

This action clarifies the exclusion of persons classified as "associated persons of an issuer" from the speci-

fication of persons subject to the requirement of licensure as a broker–dealer by adopting the comparable regulation of the Securities Exchange Commission, so long as such associated persons have not done any of the acts listed in Corporations Code section 25212 as grounds for denying, revoking or suspending the certificate of a broker–dealer.

**DEPARTMENT OF CORRECTIONS AND
REHABILITATION**
Medical Parole

This emergency regulatory action concerns medical parole and was submitted to OAL by the California Department of Corrections and Rehabilitation (CDCR) pursuant to Penal Code section 5058.3 as operationally necessary. This action adopts provisions governing medical parole for eligible inmates who have been determined to be permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living and results in the inmate requiring 24–hour care. Senate Bill 1399 became effective January 1, 2011 and added Penal Code section 3550 mandating medical parole consideration for eligible inmates.

EDUCATION AUDIT APPEALS PANEL
Audits of K–12 LEAs — FY 2011–12

The Education Audit Appeals Panel submitted this emergency rulemaking action to update the audit guide that is used for auditing California K–12 Local Education Agencies (LEAs), pursuant to Education Code section 14502.1. The updated guide will be applicable to FY 2011–2012. This action amends five sections and adopts four sections under title 5 of the California Code of Regulations. The affected sections include updates to the guide to ensure consistency with general auditing standards, amendments to clarify existing guide auditing procedures, and a new section, pursuant to AB 1610 (Stats. 2010, ch. 724), which requires reporting of attendance records for juvenile court schools operated by a county superintendent of schools.

OFFICE OF SPILL PREVENTION AND RESPONSE
Oil Spill Contingency Plans

In this regulatory action, the Office of Spill Prevention and Response amends and updates numerous provisions of its regulations pertaining to "Oil Spill Contingency Plans." The regulations principally implement Government Code sections 8670.28, 8670.29 and 8670.31. The amendments to the oil spill contingency plan regulations apply to entities such as marine facilities, tank vessels, and nontank vessels.

STATE ALLOCATION BOARD
Leroy F. Greene School Facilities Act of 1998; CSFP and COS Advance Funding

This emergency regulatory action expands the types of projects eligible to participate in priority funding round procedures established by the State Allocation Board for school districts with construction-ready approved but unfunded projects to apply for State funds as the funds become available. Charter School Facility Program (CSFP) projects may apply for advance release of design and site acquisition funds, and Critically Overcrowded School Facilities Program projects may apply for advance release of environmental hardship site acquisition funds. In addition, the emergency action provides a 180-calendar-day timeline for fund release requests for CSFP advance site acquisition funds.
